Grev Turegatan 16 Royal Swedish Academy of Engineering Sciences (IVA)

CO - HOSTED BY:

SUPPORTED BY:

Korea and Sweden are key players within the life science industry, offering extensive collaboration opportunities between companies for both countries.

Following the success of the Swedish delegation at Bio-Korea in 2024, KIMCO, SwedenBIO and BusinessSweden now invite you to further strengthen collaborations between Korea and Sweden by connecting Korean investors and pharmaceutical companies with their counterparts in Sweden.

When: November 6 from 14.00-20.00

Where: IVA (Royal Swedish Academy of Engineering Sciences), Grev Turegatan 16, Stockholm

Please note that registration closes two weeks prior to the event and that registration is required to be able to attend.
